Looking for the perfect warehouse space for your business needs? Look no further than this convinient property located in the heart of the St Maarten island, Cole Bay. With approximately 216 square meters (24x9 meters) of space, this warehouse is the perfect solution for your storage and operational needs. NOTE: There is no water or electricity connected, (shutters are manual). Built with strong construction materials of zink on a metal frame, this warehouse is designed to last and withstand even the strongest winds (it did not get damaged during the hurricane Irma!). The height of the building is very tall, providing ample space for stacking and organizing your inventory. Centrally located, this warehouse offers easy access to major transportation routes, making it an ideal hub..
