FOR SALE NEW apartments in Sint Maarten Caribbean for pre-construction prices. Spacious / Modern / Comfortable / Central Location The latest development of mixed residential and commercial real estate under construction in Little Bay district will have 22 offices, 11 apartments, and 10 retail spaces available for sale in one of the most accessible locations on the island. The Building will have its own driveway, 70 parking spots, EV charging stations, hurricane-resistant enclosures, an emergency generator, and multiple smart-building amenities, aiming to raise the standard for new project development on Sint Maarten. The Fourth floor at this new development is dedicated to residential apartments, available in 1bedroom and 2bedroom formats between 95-129 m2. These..
